

The Revolutionary Jew would like a word with you

Listen to what Robert Sungenis has to say about *The Jewish Revolutionary Spirit*:

Reviewing a work as long (1,200 pages), as detailed (1000+ footnotes), and as provocative (the topic is the Jews and revolution) as E. Michael Jones' book, *The Jewish Revolutionary Spirit* is certainly no easy task, but it has been one of the most enriching and mind-opening endeavors I have ever undertaken. To do justice to this wonderful work would take a book in itself. So packed is it with mind-numbing facts and insightful commentary that one is tempted to embark on a trip to a remote place and lock oneself up in a room and absorb every word. When the excursion is over, your whole view of the world will be dramatically changed. You will see the inner workings of life that only a genius the likes of Dr. Jones, unclouded by the lust for power, fame or fortune, and spurred on only by his sincere and undying love for Jesus Christ and the Catholic Church, could give you. Not only will it change you, but this book has the potential of changing the world. Note well, the revelations you are about to read in Jones' book are not things you will ever hear in a history class at Berkeley or on the website of the Anti-Defamation League. Be prepared to be shocked and awed. My recommendation is: stop what you are doing, purchase the book, and don't come back to civilization until you've completed it. It is that good. But let me also warn you. Like me, after seeing utter devastation that has been done to our society and especially its root causes, you may find yourself weeping by the time you get to the end, even as Jesus once did when he wept for Jerusalem.

Dr. Sungenis is not alone in sensing that *The Jewish Revolutionary Spirit* is a world-changing book. Israel Shamir, author of *Flowers of Galilee* and *Pardes: An Etude in Cabbala*, writes that

The Jewish Revolutionary Spirit by the revolutionary Catholic E. Michael Jones is a long-awaited-for revolt against Vatican II and *Nostra Aetate* with its disastrous philosemitic bias. This monumental book scoops two thousand years of troublesome relations between Christendom and the Jews, and endeavors to connect Jewish strategies of permanent revolution with the permanent Jewish rebellion against Christ (=Logos). This timely book may help to regain the lost balance between Judaic and Christian tendencies in the Western mind.

Joseph Sobran writes: "*Jones is as profound as he is prolific. He's also versatile, original, combative, and fearless, naming names and drawing blood.*"

When the Jews rejected Christ, they rejected Logos in all of its forms and became, as a result, enemies of the social order. When the Jews chose Barabbas over Christ, in other words, they became revolutionaries. For 2000 years now we have been living with the consequences of their decision. For over 40 years now, a veil of silence has descended over a topic which Americans can no longer ignore. That veil has now been rent.

Send \$48 plus \$8 for shipping and handling and we will send you a copy of *The Jewish Revolutionary Spirit*.

Send \$86 and we will send you a copy of *The Jewish Revolutionary Spirit*, a year's subscription to *Culture Wars* and a copy of our new DVD "Is the Catholic Church Anti-Semitic?". That's \$114 worth of material. You save \$28.
